

Best Practice No 01.

Title of the Practice : Green Campus Green Earth

The Motto: Green Campus for a Green Earth

The Context: It is said that if you want to change the world practice should be started from home. Depletion of forest in the name of development is of major threat for the environment of the earth. So a little contribution for a better earth has been initiated from our institution by making the campus Green Evidence of success: As a result of the Process 40% of the campus has been filled with greenery.

Best Practice: 02

Title of the practice: Society Outreach Programme

The Motto: Awareness is strength

Objective:

1. Eradication of Social Evil
2. Awareness against superstition.
3. Awareness on health and hygiene
4. Awareness on Environment

The Content:

The programme is initiated with a view to aware the tribal society against various superstitious beliefs and practices. A school located in an interior area is visited by a group of teachers under the guidance of IQAC every fourth Saturday of a month inviting the students along with their guardians and the local people. An awareness programme is organized at that school against the said superstitious believes and practices.
